Tanner Olheiser

FRONT-END DEVELOPER

Self-motivated front-end web developer who loves to craft beautiful, modern and accessible websites. Current focus is on learning React.js to create modern web apps.

EDUCATION

Saskatchewan Polytechnic

Sept/17 - Apr/19

Interactive Design & Technology

Regina, SK

Honing my skills in a variety of technologies related to new media.

EXPERIENCE

Vanfax

June/18 - Sept/18

Material Handler

Regina, SK

Delivered & picked up windshields and auto parts to Speedy Glass locations around Regina.

Buffed windshields to remove defects such as scratches.

Responsible for unloading fragile product in a timely schedule.

FMC Technologies

Sept/14 - Feb/15

Wireline Operator

Regina, SK

Operated the winch and assisted with rigging in & out to aid my crew in wireline tests & perforations.

Known for being reliable with the safe handling of explosives and radiation.

Trican Well Service

June/18 - Sept/18

Cement Operator

Regina, SK

Assisted my crew by governing the cement bin and rigging in & out for cementing projects.

Such projects were often times handled within a demanding schedule in extreme weather conditions.

Inspected the truck, tools, and equipment every day.

PROFESSIONAL DEVELOPMENT

ES6 for Everyone

Wes Bos (2018)

Took this course to get acquainted with ECMAScript 2017.

Bootstrap 4 Quick Start

Brad Hussey, Udemy (2017)

This course gave me a great introduction to Bootstrap.

Deep JavaScript Foundations

Frontend Masters (2017)

In-depth course on intermediate JavaScript concepts.
